

A HOPEFUL HEART

She was the best
Better than all the rest
She loved me so much
And always added her special touch
But then one day
On her birthday
We lost her too soon
Sometimes I'm sad
But I know she would want me to be glad
About good times ahead
I am hopeful that she will always be in my heart
I am hopeful for a fresh, new start
I am hopeful to keep our memories alive
And to live my hopes and dreams and thrive
I will never forget her
She was the best grandma ever
